How to Use

This medicine is most effective when taken sublingually (under the tongue) after food. Use the dropper provided along with the bottle to extract the recommended amount. Shake well before use.

01 Place the Product Under Your Tongue:

Using the dropper , place the measured dose under your tongue.

02 Keep it under your tongue without swallowing For 1-2 minutes:

This allows the product to be absorbed sublingually through the mucous membranes.

03 Repeat as needed (After 60-90 minutes):

If necessary and in accordance with the product's instructions or your doctor's recommendations, you can repeat the sublingual administration after the recommended waiting period of 60-90 minutes.
